Subject: COVID Positive results Client at 425 Adelaide

Board members,

I have just learned from Janice that a person supported at 425 Adelaide has been in the hospital since December 22 with kidney issues that are now attributed to COVID. His respiration is also a serious concern. The medical team is consulting with the family concerning next steps.

425 Adelaide is the location where there was a cross-over a COVID positive staff.

CLOC is waiting for complete testing of staff and clients at both 425 Adelaide and Holcan locations.

I will not be available for emails until after 9pm tonight, if necessary Janice will advise Mac or the Board directly until then of any urgent news.

regards
