Subject: Re: CLOC COVID Board Report and Test Traking Summary December 4
Attachments: revised Copy of Covid presumptive or positive tracking December 4 2020 _xlsx

The attached COVID testing report of December 4th, has been revised to remove the "freeze pane" in the Staff Section to facilitate review.

Board members,

Further to our meeting today, attached is the latest COVID test tracking summary. The team has reviewed all testing records and have provided some corrections and updates. The number of positive cases has not changed, only the number of testings that resulted in negative results for record accuracy. Items highlighted yellow reflect changes from the last report.

For this time only, instead of the usual structured Board report, we thought it would be useful to provide you with Janice's speaking notes from today's Employee Zoom meeting that went very well. We encourage you to read it to obtain the overall latest position and communication.

Best regards

JC Legault - President CLOC BOD

Janice Dewland - Director Operations and Acting Executive Director
