Board Members,

I have received this message from Janice today:

"We had an individual supported at hospital with symptoms on Dec 27 and was tested. His test came back positive today. He is resting and isolating in his room. Rest of program is being tested today by EMS and they are also testing remaining people at 425 Adelaide today"

The following in the existing situation at Holcan residence with the changed condition **bolded**:

Holcan :

1 client: positive in isolation

1 client positive in isolation

1 staff : positive (involved in cross-over to 425 Adelaide)

1 staff : negative

1 staff : **negative**
